

**COLOR KEY**

- GREEN
- ORANGE
- RED
- YELLOW
- B RED/WHITE

**CLIMBING**

Climbing brings adventure and challenge to the playground while providing necessary developmental benefits such as balance, agility, upper and lower body strength and decision-making skills! When children climb, they develop confidence and take age appropriate risks that help build skills that will help them throughout their lives.

**SLIDING**

Kids love to slide but it's not just fun! Sliding provides a variety of developmental benefits, including balance, coordination, cooperation and proprioception.

**SWINGING**

The joy of swinging is a childhood staple and kids LOVE it! Best of all, it has so many developmental benefits, including inner ear development, spatial awareness and sensory integration.

**PLAY VARIETY**

This design offers the perfect solution for a great playspace and ensures that the necessary and age-appropriate play components are included. With various slides, climbers and play panels, kids will be able to enhance physical fitness and creativity while having fun playing.

**IMAGINATIVE PLAY**

Imagination is an important part of child development. Often in play, children learn important life skills that transcend the playground. Skills such as understanding, empathy and working toward a common goal are all practiced in imaginative play.

**SPINNING**

Spinning is not only fun but helps children develop necessary motor, social, sensory and cognitive skills.
